Cloudy tonight. Tuesday
settled, followed by snow
rain; somewhat warmer.

VOLUME XVII

THE CLEARFIELD PROGRESS, CLEARFIELD, PA. MONDAY EVENING, JANUARY 29, 1923.

DISTRICT NO. TWO SCALE COMMITTEE WILL MEET AT ALTOONA TOMORROW TO 'RUBBER STAMP' NEW YORK AGREEMENT

It Is Expected That a
Scale Will Be Quickly
Signed When Miners
and Operators Meet.

FOR 1 YEAR ONLY

The scale committees of the United Mine Workers of America of District No. 2 and of the Central Bituminous Operators Association of Pennsylvania will meet in Altoona Tuesday afternoon, January 30 to negotiate a scale agreement to succeed that which expires April 1 next.

The call for the joint conference of the miners and operators of this district was issued Saturday morning following a conference of B. M. Clark of Indiana, president of the operators' association, and John Brophy, of DuBois, president of District No. 2, U. M. W. of A., held in Indiana Friday.

Prior to the joint session of operators and miners the members of the operators' association will meet at 10 o'clock Tuesday in Altoona. At this meeting will be outlined the operators' plan of procedure.

Both miners and operators express confidence that an agreement will be speedily effected. Following the agreement reached by the operators and miners of the Central Competitive field at New York recently all danger of a strike in the bituminous coal fields vanished.

The New York agreement covers a period of one year and in every other particular is similar to the agreement now in operation, which was signed at Cleveland several months ago. The scale agreement made at New York will be the model for this field and will probably be adopted in its entirety with provision made for local conditions.

MILITARY ACTIVITY IN NEAR EAST AS TERMS ANNOUNCED

Lausanne, Jan. 29.—British and Turkish military activities in the Near East was reported today as the Allies announced terms of the treaty which is a virtual ultimatum to the Angora Government.

A Constantinople dispatch to Mustafa Kemal Pasha urgently recalled him to Angora from Smyrna.

British army units and a Battalion of native troops reinforced Mosul as protection against a possible Turkish attack if the Lausanne conference breaks up.

Turkish troops were reported massing in East Thrace and elsewhere approaching a strategic position for offensive against Mosul and Constantinople.

The Lausanne Treaty, upon which everything depends, comprises fifty articles with twelve annexes. The principal provision includes freedom of the Straits in peace times and in war times if Turkey is not a belligerent.

Lee, Head Of Trainmen, Resigns To Head Big Manufacturing Firm

Cleveland, Jan. 28.—William G. Lee, president of the Brotherhood of Railroad Trainmen, announced tonight that he had accepted the presidency of the Stengel-Meyer Manufacturing company, a \$10,000,000 corporation, of Seymour, Indiana and probably will resign as head of the trainmen. For the present he will serve in his new position without pay.

The corporation will manufacture automatic train control devices, which will mechanically stop a train when anything goes wrong.

Misses Agnes Morrison and Pauline Kealer, of Curwensville, were shopping in town today.

"DRY" AND BUDGET BILLS READY TO BE INTRODUCED

Strenuous Objection
Will Be Made to Two
Provisions of the Bills
As Now Drawn Up.

FIGHT IS CERTAIN

Harrisburg, Pa., Jan. 29.—Introduction to the General Assembly of the Administration's Prohibition Bill is postponed, but probably will be effected next week Governor Pinchot stated today.

The Administration's previous intention had been to submit the bill to the Legislature tonight. The Governor stated the stir occasioned by the reported "Search and Seizure" portion of the bill had nothing to do with the decision to hold up the measure.

Harrisburg, Jan. 29.—The chief interest in legislative circles here today, the opening day of the fifth week of the session, centered in the reception by the Senate of important administration measures ready to be introduced.

The most important bills of the Governor's program which were ready to be submitted to the legislature today or tomorrow, are the Dry Bill, the Budget Bill, and a bill making it mandatory upon the Governor to draft the budget for every legislature.

Many members expressed themselves opposed to many of the features of the Dry Bill and the Budget Bill, especially the lump sum to hospitals in the Budget Bill and the "Search and Seizure" clause in the Dry Bill.

Philadelphia, Pa., Jan. 21.—Pennsylvania will soon have a new prohibition law enforcement with teeth in it that will give the bootleggers "locomotor ataxia," Wayne B. Wheeler, general counsel of the Anti-Saloon League, declared at the opening session of the regional law enforcement conference of the league here today.

Wheeler stated he conferred with state officials recently in Harrisburg and had been assured that such a new enforcement law will be put into effect.

PROGRESS OF NATIONAL FORESTS IN PENNSYLVANIA IS SUBJECT OF PAPER ISSUED BY SECRETARY OF WAR WEEKS

Special Attention Being
Given to 74,000 Acres
Being Purchased in
Western Part of State.

TO BUY LOT MORE

Washington, D. C., Jan. 29.—Secretary of War Weeks, as President of the National Forest Reservation Commission, has transmitted to Congress a report covering the activities of this Commission the past year and "resume" of its accomplishments since it was established ten years ago. The report is illustrated and contains a map showing the location of the forests which are being acquired.

Acres have been acquired for eastern National Forests in eleven different States in the ten years during which the Commission has functioned. In Pennsylvania a total of 74,025 acres are in process of being acquired on the Allegheny National Forest, located on the headwaters of the Allegheny River in Elk, McKean, Forest and Warren counties.

How The West Side M. E. Church Will Look

This picture shows just how the new West Side Church will look when completed and the energetic congregation is going to see to it that no time is wasted in completing it. On an inside page will be found additional illustrations showing the inside plans.

BUILDING FUND IS CLEARFIELD COUNTY'S OLDEST RESIDENT UNDER WAY WITH A WONDERFUL GIFT BIES SATURDAY AT MIDNIGHT; BELOVED GRANDMA HEISEY NEARLY 107 YEARS OLD

Sunday, January 28 was a gala day in the West Side Methodist Episcopal church. It was the occasion of taking the first step toward the new one hundred thousand dollar church whose construction will begin in the near future. Only fair congregations were present at both morning and evening services. Dr. John Krantz, of New York, the well-known financial manager of church money raising, was present and preached two rousing sermons on "Loving the Church." He first addressed his efforts, to the Sunday school, which department has a large provision in the new building. The scholars, by classes, jumped right into the stream of generous giving and \$5,256, including the larger subscriptions of the bigger classes, was taken. The Ladies' Aid Society subscribed one thousand dollars.

Fortunately a friend of the church offered \$10,000 with a kind of understanding that \$30,000 more be pledged, as it is not intended to begin building until \$40,000 has been pledged.

The individual subscriptions were wonderful, heroic and sacrificial. Every official man did his part nobly and led the people to follow their example. About 140 persons subscribed \$23,185, which makes a grand total for the day of \$29,751 to be paid within 18 months.

A follow-up campaign was immediately started to canvass the absentees and outside friends of the church so as to bring up the final sum required. There is no worthier cause for appeal to the generosity of the Christian friends in Clearfield. The church is located in a growing part of the city. The present old building is absolutely inadequate for the accommodation of the growing Sunday school. It is a perfect hive of young people. Besides, the new building must meet the demands of the increased population on the West Side.

The pastor, Rev. W. L. Armstrong, is very much beloved by the membership and neighbors of the church. This is the right kind of a man to conduct this enterprise to a successful completion. The official man, with R. M. Haney, the official secretary of the day, largely contributed to the victory of the appeal.

MONDAY DANCERS SUFFER BY FIRE

Hoboken, N. J., Jan. 29.—One hundred girl dancers and their escorts were rescued by firemen as fire destroyed the Palace Garden here today.

Most of the girls had to be carried down the fire escape ladder. Nearly everyone's wraps were destroyed. The fire starting on the first floor had gained considerable headway before it was discovered.

W. T. Hinkle is ill at his home on Pine Street.

Mrs. Anna Gulick Heisey Passes Peacefully To Rest at Home of Grand- daughter Here.

BORN MAY 5, 1816

Mrs. Anna Gulick Heisey, Clearfield's oldest resident and undoubtedly the oldest woman in Pennsylvania, passed peacefully into eternal rest about the midnight hour on Saturday, Jan. 27, 1923, at the home of her granddaughter Mrs. Don Gingery on South Second street, in the 107th year of her age.

This remarkable old lady, who spent her entire long life in this community, was loved and respected by everybody. She lived a consistent Christian life and up until very recent years took a great and active interest in the work of St. John's Lutheran church, of which church she was a devout and devoted member.

Up until but a few months ago Mrs. Heisey's mind was clear and active to a remarkable degree. Her health began to fail early in the past year and she grew weaker daily until death ensued.

Mrs. Anna Gulick Heisey was born May 6th, 1816, at the Ringold Mill on Clearfield Creek, below Litz's Bridge in Lawrence township, Clearfield county, Pa. When two years old she came with her parents, G. Philip Gulick and Sarah Hancy Gulick, to a two hundred and fifty acre farm on the south-western foot of Coal Hill on the western bank of the Susquehanna river above Clearfield, which her father bought from the Montgomery tract. She lived there with her parents until March 24th, 1836, when she was united in marriage to John B. Heisey. They went to housekeeping a little farther south on the same farm, just below the iron bridge at Riverview, on the Clearfield-Curwensville road. With the exception of residing for a period of six months in Brady township, this county, the greater part of her life was spent on the homestead farm. Since her husband's death which occurred in 1884, she has made her home with her daughter, Mrs. E. A. Leavy, of Clearfield, and Mrs. Geo. H. Hall, of Centre. She was the mother of seven children, but one of whom, Miss Alice Heisey, of Pittsburgh, survives her.

She was the oldest of a family of nine children, six boys, Jacob, John, Philip, Frederick, George and Henry, and three girls, Anna, Esther and Sara, only one of whom, Sara Gulick Ritter, aged 90, now living at Garden City, Missouri, is still living.

Her descendants number 66, as follows—seven children, 20 grandchildren, 31 great grandchildren, and 8 great, great grandchildren. Her parents both came of long lived families. Her father was born in Hamburg, Germany, March 16th, 1788, coming to this country in 1811, being then 28 years old. After a

(Continued on Page 2).

Ten Year Sentence Meted Out to Participant In Cliftonville Mine War

Wellsburg, W. V., Jan. 29.—John

Kaminski, aged nineteen, of Avella, convicted here January 13th for conspiracy in connection with the Cliftonville Mine War last July, today was sentenced by Judge Somerville to serve ten years in the State Penitentiary at Moundsville.

The Court refused Kaminski's appeal for a new trial.

THE WEATHER THIS WEEK

Washington, D. C., Jan. 27, 1922.—Weather outlook for Period Monday, Jan. 29 to Saturday, Feb. 3, 1923, inclusive:

Considerable cloudiness, with occasional rains and snows. Normal temperature first part of week; colder thereafter.

Miss Fannie Kolbe entertained in honor of her sister Amelia's birthday on Saturday evening.

FIREMEN TRIUMPH OVER VERY STUBBORN BLAZE IN SHADE BUILDING LAST NIGHT

Fire of Unknown Origin Which Started in The Williams Auto Sales Accessory Room, Was a Big Puzzle.

THE BUILDING WAS SAVED

The former Shade block on North Third street, now the property of Orcutt & Mignot, and immediately adjoining the big Orcutt garage, was the scene of a most stubborn fire, which was discovered about 10:30 o'clock Sunday night.

The building houses the Williams Auto Sales Company on the first floor, while the two upper floors contained living apartments. The fire apparently started in the rear of the Williams Auto Sales room and had quite a start when discovered by Sheridan Bates who lives in one of the second floor apartments. By the time the alarm was sounded on the big whistle at the steam heat plant (Mooley having a frog in her throat) dense volumes of smoke were pouring out of the building from both front and rear. So dense was the smoke the firemen had a hard time locating the blaze and for a time it looked as though the building was doomed to destruction.

There were more than one hundred automobiles stored in the adjoining Orcutt Garage, and while the two big buildings are fireproof Proprietor Orcutt didn't believe in taking any chances and his employees assisted by the firemen and many other volunteers went right to work and soon had the cars removed to a place of safety.

"HAPPY" JUST LO CLEARFIELD SO TOOK A CHANCE

And that Chance Man
That He Will Sp
The Next Six Mo
In Bedbug College

CAUGHT AT

You've got to hand it to the family, they will come back. As we have heard of two members of that clan who did. The first was storied old Enock, who waited one year and then when he came back and peeked in the window another fellow teasing his about the family fire while Enock's wife filled his pipe and fetched his slippers. Enock then turned away and beat it, but No. 2 is going to have a chance to do for at least six months, and the how and why of it:

John Arden, better known "Happy," a "no count oon" who been infesting this community figuring in more or less trouble, keyed with the bars saw once in and is now in Bed Bug College with a six months stay ahead according to the books.

On December 28th "Happy" sentenced by Judge Bell to pay of \$100 and costs and undergo imprisonment in the county jail period of six months. Feeling this community might be a better place and would smell better Judge made the proviso that the man would go into effect on Jan. 5, if "Happy" hadn't taken his departure from our midst by that time, he agreed to do.

"Happy" left and stayed away a time, but so located that he sneak back on occasions. On those occasions was Saturday. Sometime after midnight an McMullen and Officer Woolridge taking a couple of drinks to the up "Happy" was sent to start on the alley and sneak down the street. Quickly thrusting his head into the calaboose, Chief McMullen hustled down the alley to Third and succeeded in nabbing "Happy" before he could make his getaway. He will now serve his time.

Class No. 6 of the Lutheran Day School enjoyed a sleigh ride Woodland on Friday when were entertained by Mrs. C. Palmer.

Meanwhile the firemen were making strenuous efforts to contain flames to the room in which it started and succeeded in the main, although the fire followed the steam and was only subdued by the heroic efforts of intelligently directed effort on part of the firemen.

The fire and water damage to the building is placed at from six to ten thousand dollars by the owners, the Williams Auto Sales Company. Loss cannot be determined as yet, the reason that Manager Russell Williams has been confined to his bed by illness for the past ten days. It was necessary to break out the front window of the display room get three cars out that were on display. These cars were spotted and steamed up considerably, but that all the automobile damage incident to the fire.

The upper floors were occupied by Sheridan Bates, Matt Wilson, Al Smith, Jerry Eaton and Albert Warner and their household goods were considerably damaged by smoke and water, as was also the case with the effects of Sam Baxton whose store and residence also immediately adjoined the Shade block and garage. The firemen were somewhat handicapped by the condition of the plugs on Reed street, one of which was covered with snow and the leaking badly. Two or three sections of hose on the Elk Hose Company lines burst during the fire, causing temporary difficulty for them.

POISON IVY TOO MUCH FOR FLOOR WALKERS IN VOLLEY BALL CONTEST

Saturday afternoon the Y. M. C. A. gym floor was the scene of one of the most brilliant athletic and social events of the season. When Strawberry & Clothier defeated Poison Ivy 10-6 in the opening game of the Volley Ball league series.

The game was hotly contested throughout and replete with brilliant rallies. C. F. Wilson, the big floor walker, was a tower of strength for the calico hustlers, while Shilling of the Poison Ivy's was immense at all times.

On account of having a last year's ball the game was played under 1922 rules which permit hurdling and jostling the man with the ball so there was more or less blood shed. The last five minutes of play were most exciting. With the score 6 all Obedick, a substitute, was put in to kick. Although there were sev-

eral other accomplished kickers on both sides "Ob" Captain felt that he was the most dependable. A tense moment the ball sails straight and true—into the net. Score S. & C. 8 P. I. 6. The Poison Ivy supporters now burning with excitement urge their favorites to break out and win, but it was not to be.

Stopping the ball for no gain by giving it a terrific smash with the point of his jaw, Young Smith smeared an incipient rally and a moment later heaved a triple pass which was completed for the final two points of the game, the referee's whistle ending the agony a moment after.

Next Thursday J. C. Meyer's powerful octette, the Pythons, are scheduled to meet the Mountain Dews captained by Andy Volstead, who will himself appear in person, and a ding-dong battle from the drop of the first hat is assured.

COMMUNITY SERVICE ACTIVITIES

The second session of Mrs. L. W. Heisey's scouting course meets as usual this evening at 7:15 at the Scout home. The need of attendance cannot be too much urged as the success or failure of this movement from now on depends to a great degree on the number of Scouts gathered now at this course. That group who signified to Mrs. Heisey their interest in dramatic matters will meet Tuesday evening at 8 o'clock in the High School room number 12 as indicated later. As meetings are hard things to compass it is hoped that as many will come on as possible to be brought to an understanding of any phase of dramatic work and wish to see any particular play put under that part of the town life. The general program of the group will be discussed and immediate action on some part of it taken if possible. The main activities of a community dramatic committee are promoting and supervising story telling, festival work, pageantry, play production and training of those having an aptitude in any of the centralizing elements. It will be the clearing house and fountain head of all dramatic help for any organization represented on it which may be planning some dramatic production. Accordingly, all clubs who include this in their programs are hereby urged to send as many members as they can to sit in on this meeting.

Mrs Heisey

(Continued From Page One)

sheel residence in New York City and in Huntington, Pennsylvania, he came to this county and settled where he so long lived a life of usefulness dying February 25th, 1870, aged nearly 82 years. Her mother was born at Milesburg, Centre county, May 5th 1791, and died May 15th, 1873, aged a little over 82 years.

The funeral will be held from the family home at 2 o'clock tomorrow afternoon Rev. E. Roy Hauser, of St. John's Lutheran church, will officiate. Interment will be made in the old cemetery adjoining Hillier's.

opening of a Community Service dancing class in advanced folk, interpretive or such material as is requested by those enrolling. The course will be eight weeks—each Thursday evening—and enrollment is open to all. Charge will be two dollars for the course, same to cover room and music. Flat shoes are practically necessary and a light loose dancing costume recommended.

Boys and Girls, We Are Going to Make it Easier for You to Get a Pair of Those Wonderful SKEE SKATES

When we required that you should find six New Subscribers to the Progress we did not realize that it was such a task. Many of you have tried to earn a pair of Skates but have failed because it as so hard to find six people near you who were not subscribers. One fellow who tried it on Turnpike Avenue went all the way to the end of the State Road and could find only one house that did not take The Progress.

FOUR NEW SUBSCRIPTIONS AT \$1.00 EACH

This will make it easier and a lot of you fellows who gave up can "Go To It Again."

These Skates are great for country roads and hillsides. The boys and girls living in the country have a great chance to get a pair of skates that are worthwhile.

Clip the Coupon tonight and start right in. Nobody has ever asked your teacher, your cousin, your uncle, your neighbor before to subscribe to The Progress. That ought to make it easier.

Take One Look at This Action Picture of Thrills and Then Go to Work!

"Gee but it's great"

SKEE SKATES FOR THRILLS ON SNOW OR ICY HILLS!

Have a way of making hot chocolates down here that will make you come back for more and you will find that they are as tasty as they are warming.

We have a special way of making them that imparts a taste to the chocolate that is hard to beat and the best way of finding out how we do this is to come and try one of the chocolates.

VIRGINIA CHOCOLATE SHOP

ODDS AND ENDS AND THINGS

By J. D. C.

Nicholas Murray Butler, president of Columbia College, must be one of those "wet Republicans" the "drys" claim helped elect Al Smith governor of the Empire State at last fall's election. In the course of an address at the Ohio State Bar meeting held in Columbus, on Friday last, President Butler declared "There is no likelihood that the Eighteenth Amendment ever can be enforced, no matter what the expenditure of money or of effort."

He linked the prohibition amendment with the Fifteenth Amendment, which was proclaimed in 1870, and granted the Negro suffrage, as "two important and law-made influences which now are making, and seem likely long to make for lawlessness in American life." The subject of his address was "Law and Lawlessness."

He asserted that "methods of Czarist Russia, and of the Spanish inquisition" are being used to enforce one provision of law and said there are a dozen verboten signs in the United States to every one that Russia can show.

"In form and in fact," he said, "and judged by all the usual tests and standards, these two amendments are part of the organic law, and with all the rights and authority which attach thereto. Nevertheless, they are not obeyed by large numbers of highly intelligent and morally sensitive people, and there is no likelihood that they ever can be enforced, no matter what expenditure of money or of time, or at what cost or infringement of neglect of other equally valid provisions of the same Constitution."

After pointing out "the Negro votes in those States where he voted when the Fifteenth Amendment was passed," the speaker asserted every attempt to enforce the Fourteenth and Fifteenth Amendments had been denounced as a force bill. "Oddly enough," he continued, "it has been denounced by those very Senators and Representatives who will go to any lengths to enforce the provisions of the Eighteenth Amendment."

"The practical question is not whether the colored man should vote in the Southern States, but whether the American people frankly will face the problem presented by the nullification throughout a large part of the land of a most important provision of the Constitution of the United States."

"The situation with regard to the Eighteenth Amendment is even worse, because the revolt against it is not confined to men and women of intelligence and moral sensitiveness in one section alone, but is nation-wide. It

will not do to attempt to silence these persons by abuse or by catch phrases and formulas.

"These men and women dissent entirely from the grounds upon which the case for the Eighteenth Amendment was rested; and they regard its provisions and those of the statutes based upon it as forcible, an immoral and tyrannical invasion of their private life and personal conduct."

"No one who is familiar with the practical workings of our political system would expect either the Fifteenth or the Eighteenth Amendment to be repealed within measurable time. So far as one can see, therefore, we are shut up to the alternative of their attempted enforcement by soldiers and police and special agents, and detectives and spies, or to their abrogation over a great part of the land by local initiative and common consent. Either alternative is humiliating and degrading."

Railroad workers, whose wage rates have furnished the nation with a controversy that has been going on for months, earn an average of \$141.51 a month per individual, according to data just made public by the Interstate Commerce Commission. The data deals with labor cost of the railroad during October, the most recent month for which complete reports have been received by the commission.

The number of persons employed by the roads in that month was 1,984,315, the largest of any month during 1922.

The average pay envelope of rail workers as reported to the Interstate Commerce Commission is considerably above the average earnings of industrial workers. In mills and factories earnings average about \$100 monthly, it is shown in investigations made by the Department of Labor.

Earnings of rail workers rose about 8.4 per cent, between November, 1921 and October, 1922, the official record shows. In the former month, the average pay envelope contained \$130.06, or \$11.45 less than in October, 1922.

The roads paid out a total of \$255,514,000 in pay-roll accounts in October. This was about \$25,000,000 in excess of the labor cost in November, 1921. The cost dropped below \$200,000,000 in two months of the year. These months were February, 1922, when the expenditure was \$194,523,427, and in July, 1922, when it was \$193,371,244.

Approximately \$3,706,701 was paid by the roads during October to workers as bonuses for so-called "loyal" service during the strike of shopmen. The railroads during 1922 handled

SABOTAGE IN RUHR CAUSES CONCERN TO FRENCH OFFICERS

London, Jan. 29.—The entire occupied Rhineland today lit its work of sabotage against French occupation of the Ruhr. While the latter district was almost completely cut off from the outside world by rail, water and telegraph, strikes by German rail workers spread to Cologne, Treves, Aix La Chapelle and Coblenz. Dusseldorf was temporarily isolated by strikers cutting wires. The central offices of the telephone and telegraph executives were closed.

French forces along the Rhine and in the Ruhr were working to combat the German sabotage, until next Wednesday, when France will feel able to present an ultimatum to Berlin, demanding payments of \$25,000,000 sterling, due January 31.

Miss Bethel and Helen Wetherite, of Clearfield, Ruth Shaw of Kerrmoor visited their cousins Mr. and Mrs. Cyrus Lewis, O'Shanter, Pa., over Sunday.

The heaviest traffic in history in every variety of freight except coal, the official reports show. The number of cars, loaded with revenue freight (omitting coal) was 16 per cent greater than in 1921 and 8 1/2 per cent greater than in 1920.

"Hurricane's Gal" was some "Gal" See her at the Driggs Theatre Thursday night.

Origin of Money.
History does not tell us where the idea of money originated. The precious metals were employed in barter before the dawn of history. In the oldest ruins of civilized people bits of metals are found with an imprint of the ruler. They had banking three thousand years ago, when bills of lading were given in bricks.

WANTED
Man of considerable acquaintance in Pennsylvania Coal Fields to sell high grade mining lubricants for well-known house. Inquire Progress.

**Guard Against
With Mustard**

Influenza, Grippe and usually start with a cold. you get those warning signs with good old Mustard. Mustard is a common relief congestion (which cold really is) and stimulates. It has all the good and old-fashioned mustard has the blister. Just rub it on with your finger. First you will feel a warm, healing, stimulating pleasure, then a soothing, cooling, quick relief. Have Mustard handy. Use it. It may prevent the cold. 35c and 65c. In Jar. Better than anything.

THERE'S A WORLD OF DIFFERENCE IN SOFT WATER WASHING

Let us prove it to you—

Send us your family bundle this week and see how much whiter your linens are; how much softer and sweeter every single piece is when washed in rainsoft water, our modern way.

There's less rubbing and wear on clothes; all of the soap and soil rinsed out clean, and everything returned, slightly damp, ready to hang up and dry.

Step to the phone now and ask us about our Wet Wash service—you'll find it a real wash-day help in every sense of the word.

And the cost is most surprisingly low.

Clearfield Laundry
Phone H. & C. 60

Miles and Minutes

The Atlantic cable is approximately 3500 miles long. Yet, to the newspapers, London is only a few minutes from New York. Your paper tells you about happenings in the Old World within a few hours of their occurrence. For newspaper enterprise has reduced those miles to minutes.

How far back we would go without newspapers! We would remain in ignorance, not only of events at home and abroad—but also of much that concerns us even more vitally—news of the things that have to do with our personal, everyday lives.

Every day new things appear—new products that save time, labor and money are introduced—new comforts, new conveniences and new ideas are continually being worked out and offered for your benefit.

The advertisements bring you news of all this progress. They tell you all about these things, where to get them, how to get them and how much to pay for them. The advertisements are daily directories to wise buying.

Read the advertisements. Protect yourself in your buying, by getting the products which have proved their worth by making good under the spotlight of consistent publicity.

**Read the advertisements and buy
advertised products.**

All this talk about Henry Ford being the next President of the United States is silly. Henry could not be elected to the presidency and we do not believe he wants to be. What Henry desires is to exercise as much control over the government as he can over his industry. The speech of the Michigan farmer, James Couzens, Ford's man Friday, before a trade union last week-end, leads us to believe that Couzens is Ford's choice for President.

Since William Randolph Hearst and his ally, Arthur Brisbane, turned Ford down cold, Mr. Ford sees no hope of success in the Democratic party, so now he trots out Mr. Ford, Republican, a millionaire by reason of his being in the ground floor when Mr. Ford was getting top-notch prices for two-speed flyover, and Couzens "parrots" the pet theories of Mr. Ford.

Couzens professes to be of the "open mind" variety on the Ford question—all potential presidential candidates are minded—but leaves the country under the impression that he is favorable to government ownership and probably government management.

Mr. Couzens should also have said something about Muscle Ford. Perhaps his mind is not so open on that.

Clearfield hospitals stand in need of at least fifty more of what Wayne Wheeler, head of the Anti-Saloon League, is true. He says that the bootleggers of Pennsylvania are all afflicted with locomotor ataxia when they see the law.

Those hundred or more girls who lost their wraps at an hour this morning in a fire at a dancing hall, would have been much safer at home helping Ma with the family wash.

Once more, thanks to the able firemen that we have, the Clearfield has escaped a serious fire loss. The fire of only a few days ago was full of possibilities, as was the one last night. The fire was fast approaching, however, when the firemen of this town had to resort to the bucket brigade methods. It is a shame to them when they are so willing to sacrifice their own clothing and even their lives.

To have lived over one hundred years would be a wonderful experience. No one living here today, we are safe in saying, will duplicate the age of Grandma Heisey. We do not know that it would be possible. Mrs. Heisey lived the simple life and reaped the reward.

(From DuBois Courier.)
Fans are wondering if the duBois Clearfield handed Brookville "Friday evening was fixed," as the DuBois-Brookville game on Jan. 19 was alleged to have been, by the sports writers in a Brookville paper. One fan in particular said that the reason that Brookville was because they (Brookville) had to see Clearfield win rather than DuBois, and knowing that the "old and inexperienced" team from Brookville was playing the best brand of ball in the league decided to "throw" another.

Well, what do you know about that? Who is the sport writer on the Brookville paper referred to?

And, we might ask of those DuBois fans who the Courier says are "wondering," how do you get that way? Sounds more like the alibi of a Mike Dundee than a high school sportsman.

Better have a little less of this "wondering" and "wondering" and a little more of that confidence and good faith that is so essential to good sportsmanship.

PROGRESS OF NATIONAL FORESTS IN PENNSYLVANIA

(Continued From Page One.)

The Monongahela National Forest. It is an endeavor to co-operate fully with the State of Pennsylvania, through the State Forestry, and Water Supply Commissions, and with the city of Pittsburgh, which, through its flood commission, has developed elaborate plans for the control of flood waters on these two streams.

A considerable portion of this land has been closely cut over and some of it has been burned, according to the report, but on all of the larger tracts there is considerable young timber, some of it approaching merchantable size. There are numerous furniture and woodworking plants, paper and pulp mills, tanneries, distillation establishments, which call for every class of material which the lands on and near this Forest are capable of producing. Protection from fire is most urgently needed, and much of the land which is now devastated will rapidly recuperate, if fires are prevented, so as to permit the natural reestablishment of the desirable commercial species in place of the practically worthless fire cherry and aspen sprouts. A considerable portion of the area of the unit is within a natural gas and oil field, and a small portion of it is underlaid by workable beds of coal. The development of the mineral resources, however, which are reserved by the owners usually for a definite period, or are

assessments held by third parties, will not seriously interfere with the development of the forest resources.

The problem of timber supply in this highly industrialized region is an important one, the statement continues, and while it is not possible that the control by the Government of all the lands which could be acquired within the boundary of the Allegheny purchase unit would adequately meet the timber requirements of this section, the action of the Government is an important step in meeting the many problems which here present themselves through joint participation by the State, Federal and local interests. It is the opinion of the Commission that the northern limit of the purchase unit should be extended at an early date northward to the New York State line so as to join the Allegheny State Park in Cattaraugus County, N. Y.

This, with the adjoining Pennsylvania State Forests located to the south-east of the Allegheny National Forest, and the two Pennsylvania State game refuges which are located contiguous to the Allegheny National Forest, will assure public control of the largest solid block of forest land in this portion of Pennsylvania and New York State, and will result in affording protection and in co-ordinating a scheme for recreational use and economic development.

The Commission in its report stressed the fact that probably the most important contribution which the purchase of these lands will make to a future timber supply will be not so much the timber which is produced on them, since it will not be possible for the Government to acquire more than a very small proportion of the total

GEORGE LEWIS LEIPOLD

The funeral of the late George L. Leipold took place Sunday afternoon from the home of his son, Dr. Frank D. Leipold on West Front street. The services were conducted by Rev. E. Roy Hauser of St. John's Lutheran church and interment made in Hillcrest cemetery.

George Lewis Leipold, the son of Casper and Mary Leipold, who preceded him to the grave more than forty years, was born in Pittsburgh Feb. 26, 1849, and was therefore aged 73 years and 11 months at the time of his death on Friday last. He came to Clearfield with his parents when a boy and attended school in the old Town Hall. He spent all his life here with the exception of a few years, in Saxton and Mt. Union.

In 1872 he was united in marriage with Miss Anna Benn, of Westfield, Pa., who survives him. To this union was born three children, the eldest, Dr. Bert E. Leipold, who practiced medicine in Clearfield from 1895 to 1917, when he died; Dr. Frank D. Leipold, one of Clearfield's leading dentists, and Maude, who is the wife of V. N. Herbster, of Mt. Union, Pa.

When a young man the deceased worked for his father up until 1884 when, with his brother, the late Daniel Leipold, he assumed the ownership and proprietorship of the Allegheny House, which was at that time one of the best known hostleries in this section. He was well known and liked by the many people throughout the county who made the Allegheny House their "home" while in Clearfield.

In 1896 he retired from the proprietary methods of management to such lands, and the States themselves should take a more active interest in placing forest lands in a condition for producing continuous yields of timber.

The report is now available for distribution by W. W. Ashe, Secretary of the Commission.

OFFICE SUPPLIES

Of course you know that we always have a wide supply of those things which are vital for the conduct of your business records but just now, when your income tax is taking your attention, you find that there were records which you might have kept that would have made things easier in making up your reports.

We have the record-keeping books and other things that will simplify your office work and make it a whole lot easier for you.

Drop in and talk it over. Possibly we have some suggestions for you.

KURTZ Stationery Store

etorship of the Allegheny House and was employed for several years in the Clearfield Machine Shops. He was a mechanical genius, being able to handle any mechanical job in an expert manner.

In 1910 he moved to Saxton, Pa., where he had charge of the machinery of the Saxton Brick Manufacturing Co., which position he held for eight years. From Saxton he moved to Mt. Union and resided there until about five years ago, when the longing for old home scenes and faces overcame him and he returned here, living retired with his son.

George Leipold was of a jovial, kindly disposition and made friends of all with whom he came in contact. Liberal to a fault, he always appeared to be thinking of the comfort and welfare of others, sometimes at a sacrifice to himself, and a host of warm friends mourn his death.

He is survived by his widow, one son, Dr. Frank D. Leipold, and one daughter, Mrs. V. N. Herbster, of Mt. Union, Pa. One sister, Mrs. J. B. Hamilton, of Franklinville, Pa., also survives.

DRINK MORE MILK

The more milk you drink the better you are going to feel and the better you are going to do your work. You will find that the drain of the everyday grind is easily withstood if you are putting lots of milk into your system to bring back that which you wear out with your work.

The milk you get here is the purest you can get anywhere, for it is given every care from the time it leaves the farm until it reaches your home.

Have you tried it yet?
Clearfield Dairy Co.

TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

LOCAL BASKETBALL MACHINE SHOWED UP
WONDERFULLY IN GAME WITH THE
STRONG BROOKVILLE MEN FRIDAY

DuBois and Clearfield Tie for 1st Place; Look for Brookville to Come Out From Behind.

FRIDAY WILL TELL

In the contest Friday night at Brookville between the High School and C. H. S. there were thrills aplenty. Clearfield knew that the Brookville five were always strong contenders for the League pennant, while Brookville was equally certain that the Clearfield quintette had improved so greatly since the DuBois game she would die hard, if at all.

From the start of the game a house packed with fans witnessed a dogged, spectacular struggle that lasted without abatement for the full forty minutes of playing time. Tho the local lads were ahead at the end of each period of the game, there was never any certainty as to the outcome of the struggle, and the loyal Brookville rooters, realizing this, kept up a concerted roar of frenzied yelling that must have aided greatly in keeping up the never-say-die spirit so apparent in Coach Diener's men.

Clearfield's five-man machine worked so rapidly and efficiently that Brookville was forced usually to resort to long shots, while the visitors encountered little difficulty in penetrating the defense of the home team when using the high, short pass, tho our boys could not seem to drop in the usually "soft" ones.

Captain Bill Brown was leading his team in a fine manner when he sustained a severe wrench to his right ankle, about five minutes before the close of the first half. This may keep

A Waterloo (La.) man asked to be arrested for killing squirrels so now he can plead they attacked him because he was a nut.

The younger generation thinks it is entitled to life, liberty and the pursuit of snappiness.

Only four more income tax payments before Christmas.

Bill out of the game for some time, and may prove a handicap in the next two or three games.

The local boys play at New Bethlehem next week, while DuBois' journey, to Reynoldsville. These two games will be watched with keen interest, as Clearfield and DuBois are tied for first place in the League at present. Should each of these teams win its coming game, local fans will get the treat of their lives on the following week, when DuBois comes here, for that game may decide to whom will belong the coveted pennant, if dope runs true.

Lineup:—
Clearfield: Hod Johnson, RF; W. Brown, LF; R. Brown, C; Pearce, RG; Cwede Johnson, LG.
Brookville: Swindell, RF; Robinson, LF; Batastini, C; Forsythe, RG; Black, LG.

	P.G.	Pls.	Tot
Hod Johnson	5	7	17
W. Brown	1	0	2
R. Brown	2	0	4
Swede Johnson	1	0	2
Mitcheltree	1	0	2
Grand total	10	7	27
Swindell	1	10	12
Robinson	1	0	2
Batastini	5	0	10
Grand total	10	10	24

Substitutions:—K. Barrie for W. Brown, Mitcheltree for Swede, Swede for Mitcheltree, Mitcheltree for Pearce, Hawthorn for Robinson.

Referee, McCreight, Punksatunway. Clearfield and DuBois, old sports rivals, by reason of the basketball results of last Friday night, are now pitted against each other for first place.

Though Brookville has been shoved back to third place, the DuBois Courier believes they are not out of the running by reason of their wonderful experience and spirit. The Courier further says:

"Clearfield and DuBois are now the logical contenders, and of the two Clearfield has the advantage of the balance of the schedule. Of the last

six games to be played by the local team, four of them are on foreign floors, while Clearfield plays three of its last five at home. Clearfield is a difficult team to defeat at home, and this advantage will possibly cap the pennant for the county seaters.

If either DuBois or Clearfield should win the championship of the section, it would be a great tribute to the younger coaches, as both the C. H. S. and D. H. S. teams are being instructed by former college stars Bud Mahaffey and Eddie Treadwell."

BradockLOSES END OF FINGER
BY ACCIDENT

Ray G. Brett, engine inspector in the local New York Central yards, had the first finger of his right hand nipped off at the first joint last evening about 7:30 o'clock. While attending to his duties at the engine house he was called upon to help a couple of workmen remove an engine dome. One of the men slipped letting the heavy steel cap down on Mr. Brett's finger shearing the end completely off. Dr. Woolridge was called and dressed the injury, completing the amputation.

Earth's Energy.
An eminent physicist has estimated that the power developed by a million Niagara in a million years would not equal the energy expended by the earth in a single second as it circles around the sun. And yet so perfect is the mechanism that, flying around its axis at an equatorial speed of more than a thousand miles an hour, and around its orbit at more than 1,100 miles a minute, all the mundane influences of which astronomers know could not change the length of its day as much as a second in a hundred years.

FAVORABLE REPORT ON
ARMY APPROPRIATIONS

Washington, Jan. 29.—An Army Appropriation Bill, maintaining the army at its present strength and giving \$56,000,000 for river and harbors improvement was favorably reported to the Senate today by the appropriations committee.

Paris, Jan. 29.—Wholesale arrest and expulsion of all German officials in the Rhineland who had disobeyed French orders have been ordered as a part of the drastic measures to be put into effect.

Dignity of Business.
It is an utterly low view of business which regards it as only a means of getting a living. A man's business is his part of the world's work, his share of the great activities which render society possible. He may like it or dislike it, but it is work, and, as such, requires application, self-denial, discipline.—Ball Mall Gazette.

NEWS OF OUR NEIGHBORS

CURWENSVILLE

Miss Rose Williams, for many years employed on the newspapers of this town, has secured a position with the Clearfield Republican and will assume her new duties today. She will endeavor to learn the rudiments of operating one of those new fan-gled type setting machines. She will make good all right.

Mr. and Mrs. Harry Weisgarber, uth Side, went up to Grampian the purpose of spending several days with Mr. Weisgarber's folks out the farm.

The funeral of Mrs. Hannah Holm was held from the residence of her son, Mr. L. Cleaver, yesterday afternoon at 2:30 o'clock. Due to the stormy weather and deep snow, an unusually large number of relatives and old time neighbors gathered to pay tribute to one who has been highly respected and loved. Rev. J. C. Collins preached the funeral discourse. Interment was made in Oak Hill cemetery, where the husband who had preceded her on October 12th, 1902.

All those who have been engaged take a part in "Nothing But the Truth", a popular farce comedy, to be presented under the auspices of the American Legion, will begin rehearsals this evening.

The Boys Marine Band, a local musical organization of about one hundred standing, gave a delightful concert in the Strand theatre yesterday afternoon. The program consisted of eleven well selected numbers, starting with "Red Plume March" by Nick Brown, and ending with that grand old tune that every American loves "America". The organization is made up from boys ranging in age from 16 to 18 years, and their performance on brass and wood instruments is truly wonderful, considering the chance they have had to reach the point of almost perfection. The large audience was well filled by the music, and the people of the town and vicinity, who listened and enjoyed intensely each number as rendered. The boys deserve a whole lot more credit for their efforts in trying to give to the town a band worthy and of a credit to the town.

Bethesda lodge, Odd Fellows, at a regular weekly session last Saturday evening, by an almost unanimous vote, decided to change the night of the meeting from Saturday to Friday night. The most authoritative argument brought to bear why the change could be made, was that it would give the business men, of whom a large number hold membership, a better opportunity to attend the meetings, as Saturday night was much too busy a time for them to

neglect their business interests to attend lodge.

The front rooms on the second floor of the Patton bank building have been renovated and tuned up to make them a pleasant abiding place by those who will occupy them. Several of the rooms will be occupied by the Cassidy Coal Company, Greenwood Lumber company, two or three other companies, where the same bunch of young men are connected, and the Raftsmen Water company.

The Curwensville guarantors of the Swarthmore Chautauqua, which is billed for a three days' entertainment in this place, starting on Wednesday, February 14th, and continuing until the morning of the 16th, are hustling around trying to get things in shape for its ultimate success. The Strand theatre has been secured for the holding of these sessions. The program as arranged is one of vast interest and instruction, and every citizen of this town should stretch a point and work from now until the opening date to make this Chautauqua the best one that has ever been held in Curwensville; and to get all the good out of the lectures and other features of the entertainment that they possibly can. Program in full later.

Square and round dances are becoming a drug on the Curwensville market. Two or three a week soon become a nuisance.

Greets the Stork

As required by English constitutional custom, Home Secretary, Bridgeman will be present at the birth of Princess Mary's child, when that event takes place in Scotland. This office requires that a be in attendance at the birth of any child that might stand in the line of succession to the English throne.

STOP ITCHING ECZEMA

Penetrating, Antiseptic Zemo Will Help You

Never mind how often you have tried and failed, you can stop itching, burning Eczema quickly by applying Zemo. Zemo is a powerful antiseptic, and is furnished by any druggist for 35c. Extra large bottle, \$1.00. Healing begins the moment Zemo is applied. In a short time usually every trace of Eczema, Tetter, Pimples, Rash, Blackheads and similar skin diseases will be removed. For clearing the skin and making it vigorously healthy, always use Zemo, the penetrating, antiseptic liquid. When others fail it is the only dependable treatment for skin troubles of all kinds.

MRS. POINDEXTER CAUSES FURORE IN CAPITAL SOCIETY

Washington, Jan. 29.—A letter written by Mrs. Poindexter, wife of the Washington Senator, to a Seattle newspaper in which she assailed wives of cabinet officials for alleged petty graft at the government's expense has caused a storm in official society circles.

The letter also reveals that Mrs. Poindexter and wife of the Secretary of the Navy, Mrs. Denby, are decidedly at "outs."

Mrs. Poindexter stated she can't understand why Senators apply for government automobiles for cabinet officers and then deny them to themselves. Senators, she believes, need them more than secretaries.

Loonet a Fighting Bird. Linnets are great fighters. They are deadly enemies to the butcher birds, and are seldom beaten in a fair fight. Save ostriches, perhaps, they are matches for any bird. But, anyhow, no ostrich could ever catch them.

CRUDE OIL UNDERGOES ANOTHER PRICE RAISE

Pittsburg, Pa., Jan. 29.—Crude oil was boosted another ten cents per barrel today for the third time this year. West Virginia and Kentucky crudes were also advanced ten cents. New prices are: Pennsylvania \$3.55, Cabell \$2.31, Somerset \$2.10, Somerset light \$2.35. Corning at \$2.00 and Ragland at \$1.00 were not changed.

John J. Pentz, Esq., of DuBois spent Saturday in town attending to legal matters.

Can't Stop Joint-Ease

"You can't stop people from buying Joint-Ease for sore throat and cold in chest," writes one of our druggist friends "They say it's the best ever."

We know that, of course, but please remember that Joint-Ease is for stiff swollen, painful joints, whether rheumatic or not, and its tremendous sale for that purpose proves that it is the one joint remedy that gets the most satisfying results.

A tube costs 60 cents at druggists everywhere. Just rub it on and in a few seconds it disappears completely under the skin, and relief follows instantly.

SULPHUR CLEARS A PIMPLY SKIN

Apply Sulphur as Told When Your Skin Breaks Out

Any breaking out of the skin on face, neck, arms or body is overcome quickly by applying Mentho-Sulphur. The pimples seem to dry right up and go away, declares a noted skin specialist. Nothing has ever been found to take the place of sulphur as a pimple remover. It is harmless and inexpensive. Just ask any druggist for a small jar of Rowle's Mentho-Sulphur and use it like cold cream.

We offer replacement in quick time at reasonable prices! Remember us the next time you break your glasses and need immediate service.

VOLUME XVII

THE CLEARFIELD PROGRESS, CLEARFIELD, PA. MONDAY EVENING, JANUARY 29, 1923.

DISTRICT NO. TWO SCALE COMMITTEE WILL MEET AT ALTOONA TOMORROW TO 'RUBBER STAMP' NEW YORK AGREEMENT

It Is Expected That a
Scale Will Be Quickly
Signed When Miners
and Operators Meet.

FOR 1 YEAR ONLY

The scale committees of the United Mine Workers of America of District No. 2 and of the Central Bituminous Operators Association of Pennsylvania will meet in Altoona Tuesday afternoon, January 30 to negotiate a scale agreement to succeed that which expires April 1 next.

The call for the joint conference of the miners and operators of this district was issued Saturday morning following a conference of B. M. Clark of Indiana, president of the operators' association, and John Brophy, of DuBois, president of District No. 2, U. M. W. of A., held in Indiana Friday.

Prior to the joint session of operators and miners the members of the operators' association will meet at 10 o'clock Tuesday in Altoona. At this meeting will be outlined the operators' plan of procedure.

Both miners and operators express confidence that an agreement will be speedily effected. Following the agreement reached by the operators and miners of the Central Competitive field at New York recently all danger of a strike in the bituminous coal fields vanished.

The New York agreement covers a period of one year and in every other particular is similar to the agreement now in operation, which was signed at Cleveland several months ago. The scale agreement made at New York will be the model for this field and will probably be adopted in its entirety with provision made for local conditions.

MILITARY ACTIVITY IN NEAR EAST AS TERMS ANNOUNCED

Lausanne, Jan. 29.—British and Turkish military activities in the Near East was reported today as the Allies announced terms of the treaty which is a virtual ultimatum to the Angora Government.

A Constantinople dispatch to Mustafa Kemal Pasha urgently recalled him to Angora from Smyrna.

British army units and a Battalion of native troops reinforced Mosul as protection against a possible Turkish attack if the Lausanne conference breaks up.

Turkish troops were reported massing in East Thrace and elsewhere approaching a strategic position for offensive against Mosul and Constantinople.

The Lausanne Treaty, upon which everything depends, comprises fifty articles with twelve annexes. The principal provision includes freedom of the Straits in peace times and in war times if Turkey is not a belligerent.

Lee, Head Of Trainmen, Resigns To Head Big Manufacturing Firm

Cleveland, Jan. 28.—William G. Lee, president of the Brotherhood of Railroad Trainmen, announced tonight that he had accepted the presidency of the Stengel-Meyer Manufacturing company, a \$10,000,000 corporation, of Seymour, Indiana and probably will resign as head of the trainmen. For the present he will serve in his new position without pay.

The corporation will manufacture automatic train control devices, which will mechanically stop a train when anything goes wrong.

Misses Agnes Morrison and Pauline Kealer, of Curwensville, were shopping in town today.

"DRY" AND BUDGET BILLS READY TO BE INTRODUCED

Strenuous Objection
Will Be Made to Two
Provisions of the Bills
As Now Drawn Up.

FIGHT IS CERTAIN

Harrisburg, Pa., Jan. 29.—Introduction to the General Assembly of the Administration's Prohibition Bill is postponed, but probably will be effected next week Governor Pinchot stated today.

The Administration's previous intention had been to submit the bill to the Legislature tonight.

The Governor stated the stir occasioned by the reported "Search and Seizure" portion of the bill had nothing to do with the decision to hold up the measure.

Harrisburg, Jan. 29.—The chief interest in legislative circles here today, the opening day of the fifth week of the session, centered in the reception by the Senate of important administration measures ready to be introduced.

The most important bills of the Governor's program which were ready to be submitted to the legislature today or tomorrow, are the Dry Bill, the Budget Bill, and a bill making it mandatory upon the Governor to draft the budget for every legislature.

Many members expressed themselves opposed to many of the features of the Dry Bill and the Budget Bill, especially the lump sum to hospitals in the Budget Bill and the "Search and Seizure" clause in the Dry Bill.

Philadelphia, Pa., Jan. 21.—Pennsylvania will soon have a new prohibition law enforcement with teeth in it that will give the bootleggers "locomotor ataxia," Wayne B. Wheeler, general counsel of the Anti-Saloon League, declared at the opening session of the regional law enforcement conference of the league here today.

Wheeler stated he conferred with state officials recently in Harrisburg and had been assured that such a new enforcement law will be put into effect.

Harrisburg, Jan. 29.—Major Adams, commander of the Pennsylvania State Police today issued a call to the public to send any information at their command regarding liquor violations to State Police headquarters here.

PROGRESS OF NATIONAL FORESTS IN PENNSYLVANIA IS SUBJECT OF PAPER ISSUED BY SECRETARY OF WAR WEEKS

Special Attention Being
Given to 74,000 Acres
Being Purchased in
Western Part of State.

TO BUY LOT MORE

Washington, D. C., Jan. 29.—Secretary of War Weeks, as President of the National Forest Reservation Commission, has transmitted to Congress a report covering the activities of this Commission the past year and "resume" of its accomplishments since it was established ten years ago. The report is illustrated and contains a map showing the location of the forests which are being acquired.

Acres have been acquired for eastern National Forests in eleven different States in the ten years during which the Commission has functioned. In Pennsylvania a total of 74,025 acres are in process of being acquired on the Allegheny National Forest, located on the headwaters of the Allegheny River in Elk, McKean, Forest and Warren counties.

In Pennsylvania the plans of the Government call for the purchase of more than five times the area which is now being acquired. The location of this National Forest purchase unit is important in that it marks the desire of the Government to extend protection to the northern headwaters of the Ohio River, as well as to the main headwaters of the Monongahela River, on which is located

How The West Side M. E. Church Will Look

This picture shows just how the new West Side Church will look when completed and the energetic congregation is going to see to it that no time is wasted in completing it. On an inside page will be found additional illustrations showing the inside plans.

BUILDING FUND IS CLEARFIELD COUNTY'S OLDEST RESIDENT UNDER WAY WITH A WONDERFUL GIFT BIES SATURDAY AT MIDNIGHT; BELOVED GRANDMA HEISEY NEARLY 107 YEARS OLD

Sunday, January 28 was a gala day in the West Side Methodist Episcopal church. It was the occasion of taking the first step toward the new one hundred thousand dollar church whose construction will begin in the near future. Only fair congregations were present at both morning and evening services. Dr. John Krantz, of New York, the well-known financial manager of church money raising, was present and preached two rousing sermons on "Loving the Church." He first addressed his efforts to the Sunday school, which department has a large provision in the new building. The scholars, by classes, jumped right into the stream of generous giving and \$5,256, including the larger subscriptions of the bigger classes, was taken. The Ladies' Aid Society subscribed one thousand dollars.

Fortunately a friend of the church offered \$10,000 with a kind of understanding that \$30,000 more be pledged, as it is not intended to begin building until \$40,000 has been pledged.

The individual subscriptions were wonderful, heroic and sacrificial. Every official man did his part nobly and led the people to follow their example. About 140 persons subscribed \$23,185, which makes a grand total for the day of \$29,751 to be paid within 18 months.

A follow-up campaign was immediately started to canvass the absentees and outside friends of the church so as to bring up the final sum required. There is no worthier cause for appeal to the generosity of the Christian friends in Clearfield. The church is located in a growing part of the city. The present old building is absolutely inadequate for the accommodation of the growing Sunday school. It is a perfect hive of young people. Besides, the new building must meet the demands of the increased population on the West Side.

The pastor, Rev. W. L. Armstrong, is very much beloved by the membership and neighbors of the church. This is the right kind of a man to conduct this enterprise to a successful completion. The official man, with R. M. Haney, the official secretary of the day, largely contributed to the victory of the appeal.

MONDAY DANCERS SUFFER BY FIRE

Hoboken, N. J., Jan. 29.—One hundred girl dancers and their escorts were rescued by firemen as fire destroyed the Palace Garden here today.

Most of the girls had to be carried down the fire escape ladder. Nearly everyone's wraps were destroyed. The fire starting on the first floor had gained considerable headway before it was discovered.

W. T. Hinkle is ill at his home on Pine Street.

Mrs. Anna Gulick Heisey Passes Peacefully To Rest at Home of Grand- daughter Here.

BORN MAY 5, 1816

Mrs. Anna Gulick Heisey, Clearfield's oldest resident and undoubtedly the oldest woman in Pennsylvania, passed peacefully into eternal rest about the midnight hour on Saturday, Jan. 27, 1923, at the home of her granddaughter Mrs. Don Gingery on South Second street, in the 107th year of her age.

This remarkable old lady, who spent her entire long life in this community, was loved and respected by everybody. She lived a consistent Christian life and up until very recent years took a great and active interest in the work of St. John's Lutheran church, of which church she was a devout and devoted member.

Up until but a few months ago Mrs. Heisey's mind was clear and active to a remarkable degree. Her health began to fail early in the past year and she grew weaker daily until death ensued.

Mrs. Anna Gulick Heisey was born May 6th, 1816, at the Ringold Mill on Clearfield Creek, below Litz's Bridge in Lawrence township, Clearfield county, Pa. When two years old she came with her parents, G. Philip Gulick and Sarah Hancy Gulick, to a two hundred and fifty acre farm on the south-western foot of Coal Hill on the western bank of the Susquehanna river above Clearfield, which her father bought from the Montgomery tract. She lived there with her parents until March 24th, 1836, when she was united in marriage to John B. Heisey. They went to housekeeping a little farther south on the same farm, just below the iron bridge at Riverview, on the Clearfield-Curwensville road. With the exception of residing for a period of six months in Brady township, this county, the greater part of her life was spent on the homestead farm. Since her husband's death which occurred in 1884, she has made her home with her daughter, Mrs. E. A. Leavy, of Clearfield, and Mrs. Geo. H. Hall, of Centre. She was the mother of seven children, but one of whom, Miss Alice Heisey, of Pittsburgh, survives her. She was the oldest of a family of nine children, six boys, Jacob, John, Philip, Frederick, George and Henry, and three girls, Anna, Esther and Sara, only one of whom, Sara Gulick Ritter, aged 90, now living at Garden City, Missouri, is still living.

Her descendants number 66, as follows—seven children, 20 grandchildren, 31 great grandchildren, and 8 great, great grandchildren.

Her parents both came of long lived families. Her father was born in Hamburg, Germany, March 16th, 1788, coming to this country in 1811, being then 28 years old. After a

(Continued on Page 2).

Ten Year Sentence Meted Out to Participant In Cliftonville Mine War

Wellsburg, W. V., Jan. 29.—John

Kaminski, aged nineteen, of Avella, convicted here January 13th for conspiracy in connection with the Cliftonville Mine War last July, today was sentenced by Judge Somerville to serve ten years in the State Penitentiary at Moundsville.

The Court refused Kaminski's appeal for a new trial.

THE WEATHER THIS WEEK

Washington, D. C., Jan. 27, 1922.—Weather outlook for Period Monday, Jan. 29 to Saturday, Feb. 3, 1923, inclusive:

Considerable cloudiness, with occasional rains and snows. Normal temperature first part of week; colder thereafter.

Miss Fannie Kolbe entertained in honor of her sister Amelia's birthday on Saturday evening.

FIREMEN TRIUMPH OVER VERY STUBBORN BLAZE IN SHADE BUILDING LAST NIGHT

Fire of Unknown Origin Which
Started in The Williams
Auto Sales Accessory Room,
Was a Big Puzzle.

THE BUILDING WAS SAVED

The former Shade block on North Third street, now the property of Orcutt & Mignot, and immediately adjoining the big Orcutt garage, was the scene of a most stubborn fire, which was discovered about 10:30 o'clock Sunday night.

The building houses the Williams Auto Sales Company on the first floor, while the two upper floors contained living apartments. The fire apparently started in the rear of the Williams Auto Sales room and had quite a start when discovered by Sheridan Bates who lives in one of the second floor apartments. By the time the alarm was sounded on the big whistle at the steam heat plant (Mooley having a frog in her throat) dense volumes of smoke were pouring out of the building from both front and rear. So dense was the smoke the firemen had a hard time locating the blaze and for a time it looked as though the building was doomed to destruction.

There were more than one hundred automobiles stored in the adjoining Orcutt Garage, and while the two big buildings are fireproof Proprietor Orcutt didn't believe in taking any chances and his employees assisted by the firemen and many other volunteers went right to work and soon had the cars removed to a place of safety.

The upper floors were occupied by Sheridan Bates, Matt Wilson, Al Smith, Jerry Eaton and Albert Warner and their household goods were considerably damaged by smoke and water, as was also the case with the effects of Sam Baxton whose store and residence also immediately adjoined the Shade block and garage. The firemen were somewhat handicapped by the condition of the plugs on Reed street, one of which was covered with snow and the leaking badly. Two or three sections of hose on the Elk Hose Company lines burst during the fire, causing temporary difficulty for them.

"HAPPY" JUST LO CLEARFIELD SO TOOK A CHANCE

And that Chance Man
That He Will Sp
The Next Six Mo
In Bedbug College

CAUGHT AT HIS

You've got to hand it to the family, they will come back. As we have heard of two members of that clan who did. The first was storied old Enock, who waited one year and then when he came back and peeked in the window another fellow teasing his about the family fireless while Enock's wife filled his pipe and fetched his slippers. Enock then turned away and beat it, but No. 2 is going to have a chance to do for at least six months, and the how and why of it:

John Arden, better known "Happy," a "no count oon" who been infesting this community figuring in more or less trouble, keyed with the bars saw once in and is now in Bed Bug College with a six months stay ahead according to the books.

On December 28th "Happy" sentenced by Judge Bell to pay of \$100 and costs and undergo imprisonment in the county jail period of six months. Feeling this community might be a better place and would smell better Judge made the proviso that the man would go into effect on Jan. 5, if "Happy" hadn't taken his departure from our midst by that time, he agreed to do.

"Happy" left and stayed some time, but so located that he sneak back on occasions. On those occasions was Saturday. Sometime after midnight an McMullen and Officer Woolridge taking a couple of drinks to the up "Happy" was sent to start on the alley and sneak down the street. Quickly throwing his er into the calaboose, Chief McMullen hustled down the alley to Third and succeeded in nabbing "Happy" before he could make his getaway. He will now serve his time.

Class No. 6 of the Lutheran Day School enjoyed a sleigh ride Woodland on Friday when were entertained by Mrs. C. Palmer.

FIREMEN TRIUMPH OVER VERY STUBBORN BLAZE IN SHADE BUILDING LAST NIGHT

Meanwhile the firemen were making strenuous efforts to contain flames to the room in which it started and succeeded in the main, although the fire followed the steam and was only subdued by the heroic efforts of intelligently directed effort on part of the firemen.

The fire and water damage to the building is placed at from six to ten thousand dollars by the owners, the Williams Auto Sales Company. Loss cannot be determined as yet, the reason that Manager Russell Williams has been confined to his bed by illness for the past ten days. It is not yet able to get about.

It was necessary to break out the front window of the display room get three cars out that were on display. These cars were spotted and steamed up considerably, but that all the automobile damage incident to the fire.

The upper floors were occupied by Sheridan Bates, Matt Wilson, Al Smith, Jerry Eaton and Albert Warner and their household goods were considerably damaged by smoke and water, as was also the case with the effects of Sam Baxton whose store and residence also immediately adjoined the Shade block and garage. The firemen were somewhat handicapped by the condition of the plugs on Reed street, one of which was covered with snow and the leaking badly. Two or three sections of hose on the Elk Hose Company lines burst during the fire, causing temporary difficulty for them.

POISON IVY TOO MUCH FOR FLOOR WALKERS IN VOLLEY BALL CONTEST

Saturday afternoon the Y. M. C. A. gym floor was the scene of one of the most brilliant athletic and social events of the season. When Strawberry & Clothier defeated Poison Ivy 10-6 in the opening game of the Volley Ball league series.

The game was hotly contested throughout and replete with brilliant rallies. C. F. Wilson, the big floor walker, was a tower of strength for the calico hustlers, while Shilling of the Poison Ivy's was immense at all times.

On account of having a last year's ball the game was played under 1922 rules which permit hurdling and jostling the man with the ball so there was more or less blood shed. The last five minutes of play were most exciting. With the score 6 all Obedick, a substitute, was put in to kick. Although there were sev-

eral other accomplished kickers on both sides "Ob's" Captain felt that he was the most dependable. A tense moment! The ball sails straight and true—into the net. Score S. & C. 8 P. I. 6. The Poison Ivy supporters now burning with excitement urge their favorites to break out and win, but it was not to be.

Stopping the ball for no gain by giving it a terrific smash with the point of his jaw, Young Smith smeared an incipient rally and a moment later heaved a triple pass which was completed for the final two points of the game, the referee's whistle ending the agony a moment after.

Next Thursday J. C. Meyer's powerful octette, the Pythons, are scheduled to meet the Mountain Dews captained by Andy Volstead, who will himself appear in person, and a done-done battle from the drop of the first hat is assured.

COMMUNITY SERVICE ACTIVITIES

The second session of Mrs. L. W. Heisey's scouting course meets as usual this evening at 7:15 at the Scout home. The need of attendance cannot be too much urged as the success or failure of this movement from now on depends to a great degree on the number of Scouts gathered now at this course.

That group who signified to Mrs. Heisey their interest in dramatic matters will meet Tuesday evening at 8 o'clock in the High School room number 12 as indicated later. As meetings are hard things to compass it is hoped that as many will come as possible.

Those themselves to be brought who are interested in any phase of dramatic work and wish to see any dramatic foundation put under that part of town life. The general program of the group will be discussed and immediate action on some part of it taken if possible. The main activities of a community dramatic committee are promoting and supervising story telling, festival work, pageantry, play production and training of those having an aptitude in any of the central dramatic elements. It will be the clear house and fountain head of all dramatic help for any organization represented on it which may be planning some dramatic production.

Accordingly, all clubs who include this in their programs are hereby urged to send as many members as they can to sit in on this meeting.

Announcement is repeated of the

Mrs Heisey

Boys and Girls, We Are Going to Make it Easier for You to Get a Pair of Those Wonderful SKEE SKATES

When we required that you should find six New Subscribers to the Progress we did not realize that it was such a task. Many of you have tried to earn a pair of Skates but have failed because it as so hard to find six people near you who were not subscribers. One fellow who tried it on Turnpike Avenue went all the way to the end of the State Road and could find only one house that did not take The Progress.

FOUR NEW SUBSCRIPTIONS AT \$1.00 EACH

This will make it easier and a lot of you fellows who gave up can "Go To It Again."

These Skates are great for country roads and hillsides. The boys and girls living in the country have a great chance to get a pair of skates that are worthwhile.

Clip the Coupon tonight and start right in. Nobody has ever asked your teacher, your cousin, your uncle, your neighbor before to subscribe to The Progress. That ought to make it easier.

Take One Look at This Action Picture of Thrills and Then Go to Work!

Have a way of making hot chocolates down here that will make you come back for more and you will find that they are as tasty as they are warming.

We have a special way of making them that imparts a taste to the chocolate that is hard to beat and the best way of finding out how we do this is to come and try one of the chocolates.

VIRGINIA CHOCOLATE SHOP

ODDS AND ENDS AND THINGS

By J. D. C.

Nicholas Murray Butler, president of Columbia College, must be one of those "wet Republicans" the "drys" claim helped elect Al Smith governor of the Empire State at last fall's election. In the course of an address at the Ohio State Bar meeting held in Columbus, on Friday last, President Butler declared "There is no likelihood that the Eighteenth Amendment ever can be enforced, no matter what the expenditure of money or of effort."

He linked the prohibition amendment with the Fifteenth Amendment, which was proclaimed in 1870, and granted the Negro suffrage, as "two important and law-made influences which now are making, and seem likely long to make for lawlessness in American life." The subject of his address was "Law and Lawlessness."

He asserted that "methods of Czarist Russia, and of the Spanish inquisition" are being used to enforce one provision of law and said there are a dozen verboten signs in the United States to every one that Russia can show.

"In form and in fact," he said, "and judged by all the usual tests and standards, these two amendments are part of the organic law, and with all the rights and authority which attach thereto. Nevertheless, they are not obeyed by large numbers of highly intelligent and morally sensitive people, and there is no likelihood that they ever can be enforced, no matter what expenditure of money or of time, or at what cost or infringement of neglect of other equally valid provisions of the same Constitution."

After pointing out "the Negro votes in those States where he voted when the Fifteenth Amendment was passed," the speaker asserted every attempt to enforce the Fourteenth and Fifteenth Amendments had been denounced as a force bill. "Oddly enough," he continued, "it has been denounced by those very Senators and Representatives who will go to any lengths to enforce the provisions of the Eighteenth Amendment."

"The practical question is not whether the colored man should vote in the Southern States, but whether the American people frankly will face the problem presented by the nullification throughout a large part of the land of a most important provision of the Constitution of the United States."

"The situation with regard to the Eighteenth Amendment is even worse, because the revolt against it is not confined to men and women of intelligence and moral sensitiveness in one section alone, but is nation-wide. It

will not do to attempt to silence these persons by abuse or by catch phrases and formulas.

"These men and women dissent entirely from the grounds upon which the case for the Eighteenth Amendment was rested; and they regard its provisions and those of the statutes based upon it as forcible, an immoral and tyrannical invasion of their private life and personal conduct."

"No one who is familiar with the practical workings of our political system would expect either the Fifteenth or the Eighteenth Amendment to be repealed within measurable time. So far as one can see, therefore, we are shut up to the alternative of their attempted enforcement by soldiers and police and special agents, and detectives and spies, or to their abrogation over a great part of the land by local initiative and common consent. Either alternative is humiliating and degrading."

Railroad workers, whose wage rates have furnished the nation with a controversy that has been going on for months, earn an average of \$141.51 a month per individual, according to data just made public by the Interstate Commerce Commission. The data deals with labor cost of the railroad during October, the most recent month for which complete reports have been received by the commission.

The number of persons employed by the roads in that month was 1,984,315, the largest of any month during 1922.

The average pay envelope of rail workers as reported to the Interstate Commerce Commission is considerably above the average earnings of industrial workers. In mills and factories earnings average about \$100 monthly, it is shown in investigations made by the Department of Labor.

Earnings of rail workers rose about 8.4 per cent between November, 1921 and October, 1922, the official record shows. In the former month, the average pay envelope contained \$130.06, or \$11.45 less than in October, 1922.

The roads paid out a total of \$255,514,000 in pay-roll accounts in October. This was about \$25,000,000 in excess of the labor cost in November, 1921. The cost dropped below \$200,000,000 in two months of the year. These months were February, 1922, when the expenditure was \$194,523,427, and in July, 1922, when it was \$193,371,244.

Approximately \$3,706,701 was paid by the roads during October to workers as bonuses for so-called "loyal" service during the strike of shopmen. The railroads during 1922 handled

SABOTAGE IN RUHR CAUSES CONCERN TO FRENCH OFFICERS

London, Jan. 29.—The entire occupied Rhineland today lit its work of sabotage against French occupation of the Ruhr. While the latter district was almost completely cut off from the outside world by rail, water and telegraph, strikes by German rail workers spread to Cologne, Treves, Aix La Chapelle and Coblenz. Dusseldorf was temporarily isolated by strikers cutting wires. The central offices of the telephone and telegraph executives were closed.

French forces along the Rhine and in the Ruhr were working to combat the German sabotage, until next Wednesday, when France will feel able to present an ultimatum to Berlin, demanding payments of \$25,000,000 sterling, due January 31.

Man of considerable acquaintance in Pennsylvania Coal Fields to sell high grade mining lubricants for well-known house. Inquire Progress.

Guard Against With Mustard

Influenza, Grippe and usually start with a cold. You get those warning signs with good old Mustard. Mustard is a common relief congestion (which cold really is) and stimulates. It has all the good and old-fashioned mustard in the blister. Just rub it on with your finger. First you will feel a warm, healing, stimulating pleasure, then a soothing, cooling, quick relief. Have Mustard handy. Use it. It may prevent the 35c and 65c in the future. Better than anything.

For results, try a jar.

COUGH KEMP'S BALSAM

THERE'S A WORLD OF DIFFERENCE IN SOFT WATER WASHING

Let us prove it to you—

Send us your family bundle this week and see how much whiter your linens are; how much softer and sweeter every single piece is when washed in rainsoft water, our modern way.

There's less rubbing and wear on clothes; all of the soap and soil rinsed out clean, and everything returned, slightly damp, ready to hang up and dry.

Step to the phone now and ask us about our Wet Wash service—you'll find it a real wash-day help in every sense of the word.

And the cost is most surprisingly low.

Miles and Minutes

The Atlantic cable is approximately 3500 miles long. Yet, to the newspapers, London is only a few minutes from New York. Your paper tells you about happenings in the Old World within a few hours of their occurrence. For newspaper enterprise has reduced those miles to minutes.

How far back we would go without newspapers! We would remain in ignorance, not only of events at home and abroad—but also of much that concerns us even more vitally—news of the things that have to do with our personal, everyday lives.

Every day new things appear—new products that save time, labor and money are introduced—new comforts, new conveniences and new ideas are continually being worked out and offered for your benefit.

The advertisements bring you news of all this progress. They tell you all about these things, where to get them, how to get them and how much to pay for them. The advertisements are daily directories to wise buying.

Read the advertisements. Protect yourself in your buying, by getting the products which have proved their worth by making good under the spotlight of consistent publicity.

**Read the advertisements and buy
advertised products.**

All this talk about Henry Ford being the next President of the United States is silly. Henry could not be elected to the presidency and we do not believe he wants to be. What Henry desires is to exercise as much control over the government as he can over his industry. The speech of the Michigan Legislature, James Couzens, Ford's man Friday, before a trade union last week-end, leads us to believe that Couzens is Ford's choice for President.

Since William Randolph Hearst and his ally, Arthur Brisbane, turned Ford down cold, Mr. Ford sees no hope of success in the Democratic party, so now he trots out Mr. Ford, Republican, a millionaire by reason of his being in the ground floor when Mr. Ford was getting top-notch prices for two-speed flyover, and Couzens "parrots" the pet theories of Mr. Ford.

Couzens professes to be of the "open mind" variety on the Ford question—all potential presidential candidates are minded—but leaves the country under the impression that he is favorable to government ownership and probably government management.

Mr. Couzens should also have said something about Muscle Ford. Perhaps his mind is not so open on that.

Clearfield hospitals stand in need of at least fifty more of what Wayne Wheeler, head of the Anti-Saloon League, is true. He says that the bootleggers of Pennsylvania are all afflicted with locomotor ataxia when they see the law.

Those hundred or more girls who lost their wraps at an hour this morning in a fire at a dancing hall, would have been much safer at home helping Ma with the family wash.

Once more, thanks to the able firemen that we have, the Clearfield has escaped a serious fire loss. The fire of only a few days ago was full of possibilities, as was the one last night. The fire was fast approaching, however, when the firemen of this town had to resort to the bucket brigade methods. It is a shame to them when they are so willing to sacrifice their own clothing and even their lives.

To have lived over one hundred years would be a wonderful experience. No one living here today, we are safe in saying, will duplicate the age of Grandma Heisey. We do not know that it would be possible. Mrs. Heisey lived the simple life and reaped the reward.

(From DuBois Courier.)
Fans are wondering if the duBois Clearfield handed Brookville "Friday evening was fixed," as the DuBois-Brookville game on Jan. 19 was alleged to have been, by the sports writers in a Brookville paper. One fan in particular said that the reason that Brookville was because they (Brookville) had to see Clearfield win rather than DuBois, and knowing that the "old and inexperienced" team from Brookville was playing the best brand of ball in the league decided to "throw" another.

Well, what do you know about that? Who is the sport writer on the Brookville paper referred to?

And, we might ask of those DuBois fans who the Courier says are "wondering," how do you get that way? Sounds more like the alibi of a Mike Dundee than a high school sportsman.

Better have a little less of this "wondering" and "wondering" and a little more of that confidence and good faith that is so essential to good sportsmanship.

PROGRESS OF NATIONAL FORESTS IN PENNSYLVANIA

(Continued From Page One.)

The Monongahela National Forest. It is an endeavor to co-operate fully with the State of Pennsylvania, through the State Forestry, and Water Supply Commissions, and with the city of Pittsburgh, which, through its flood commission, has developed elaborate plans for the control of flood waters on these two streams.

A considerable portion of this land has been closely cut over and some of it has been burned, according to the report, but on all of the larger tracts there is considerable young timber, some of it approaching merchantable size. There are numerous furniture and woodworking plants, paper and pulp mills, tanneries, distillation establishments, which call for every class of material which the lands on and near this Forest are capable of producing. Protection from fire is most urgently needed, and much of the land which is now devastated will rapidly recuperate, if fires are prevented, so as to permit the natural reestablishment of the desirable commercial species in place of the practically worthless fire cherry and aspen sprouts. A considerable portion of the area of the unit is within a natural gas and oil field, and a small portion of it is underlaid by workable beds of coal. The development of the mineral resources, however, which are reserved by the owners usually for a definite period, or are

assessments held by third parties, will not seriously interfere with the development of the forest resources.

The problem of timber supply in this highly industrialized region is an important one, the statement continues, and while it is not possible that the control by the Government of all the lands which could be acquired within the boundary of the Allegheny purchase unit would adequately meet the timber requirements of this section, the action of the Government is an important step in meeting the many problems which here present themselves through joint participation by the State, Federal and local interests. It is the opinion of the Commission that the northern limit of the purchase unit should be extended at an early date northward to the New York State line so as to join the Allegheny State Park in Cattaraugus County, N. Y. This, with the adjoining Pennsylvania State Forests located to the south-east of the Allegheny National Forest, and the two Pennsylvania State game refuges which are located contiguous to the Allegheny National Forest, will assure public control of the largest solid block of forest land in this portion of Pennsylvania and New York State, and will result in affording protection and in co-ordinating a scheme for recreational use and economic development.

The Commission in its report stressed the fact that probably the most important contribution which the purchase of these lands will make to a future timber supply will be not so much the timber which is produced on them, since it will not be possible for the Government to acquire more than a very small proportion of the total

area of cut-over lands, but the results which will be secured by co-operation with the State of Pennsylvania in stimulating private owners in the management of their lands and in applying the methods which the Government and the State of Pennsylvania employ in protecting lands from fire and in conservative cutting so as to assure permanency of yield and a profitable investment.

The report of the Commission, in addition to covering in detail the conduct of the purchase work, calls particular attention to the great decrease in the cut of lumber in the eastern United States, due to the approaching exhaustion of the supply of eastern timber, which has been brought about by the enormous area of devastated and idle land. The purchase of forest lands by the Government should be more widely distributed with a view to stimulating owners and States within which large areas of cut-over lands are located in ap-

CHAMBERLAIN'S COUGH REMEDY

FOR THE RELIEF OF Coughs, Colds, Croup, WHOOPING COUGH, HOARSENESS, BRONCHITIS

SOLD EVERYWHERE

GEORGE LEWIS LEIPOLD

The funeral of the late George L. Leipold took place Sunday afternoon from the home of his son, Dr. Frank D. Leipold on West Front street. The services were conducted by Rev. E. Roy Hauser of St. John's Lutheran church and interment made in Hillcrest cemetery.

George Lewis Leipold, the son of Casper and Mary Leipold, who preceded him to the grave more than forty years, was born in Pittsburgh Feb. 26, 1849, and was therefore aged 73 years and 11 months at the time of his death on Friday last. He came to Clearfield with his parents when a boy and attended school in the old Town Hall. He spent all his life here with the exception of a few years, in Saxton and Mt. Union.

In 1872 he was united in marriage with Miss Anna Benn, of Westfield, Pa., who survives him. To this union was born three children, the eldest, Dr. Bert E. Leipold, who practiced medicine in Clearfield from 1895 to 1917, when he died; Dr. Frank D. Leipold, one of Clearfield's leading dentists, and Maude, who is the wife of V. N. Herbster, of Mt. Union, Pa.

When a young man the deceased worked for his father up until 1884 when, with his brother, the late Daniel Leipold, he assumed the ownership and proprietorship of the Allegheny House, which was at that time one of the best known hostleries in this section. He was well known and liked by the many people throughout the county who made the Allegheny House their "home" while in Clearfield.

In 1896 he retired from the proprietary methods of management to such lands, and the States themselves should take a more active interest in placing forest lands in a condition for producing continuous yields of timber.

The report is now available for distribution by W. W. Ashe, Secretary of the Commission.

We have the record-keeping books and other things that will simplify your office work and make it a whole lot easier for you.

Drop in and talk it over. Possibly we have some suggestions for you.

KURTZ Stationery Store

etorship of the Allegheny House and was employed for several years in the Clearfield Machine Shops. He was a mechanical genius, being able to handle any mechanical job in an expert manner.

In 1910 he moved to Saxton, Pa., where he had charge of the machinery of the Saxton Brick Manufacturing Co., which position he held for eight years. From Saxton he moved to Mt. Union and resided there until about five years ago, when the longing for old home scenes and faces overcame him and he returned here, living retired with his son.

George Leipold was of a jovial, kindly disposition and made friends of all with whom he came in contact. Liberal to a fault, he always appeared to be thinking of the comfort and welfare of others, sometimes at a sacrifice to himself, and a host of warm friends mourn his death.

He is survived by his widow, one son, Dr. Frank D. Leipold, and one daughter, Mrs. V. N. Herbster, of Mt. Union, Pa. One sister, Mrs. J. B. Hamilton, of Franklinville, Pa., also survives.

DRINK MORE MILK

The more milk you drink the better you are going to feel and the better you are going to do your work. You will find that the drain of the everyday grind is easily withstood if you are putting lots of milk into your system to bring back that which you wear out with your work.

The milk you get here is the purest you can get anywhere, for it is given every care from the time it leaves the farm until it reaches your home.

Have you tried it yet?

Clearfield Dairy Co.

TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

LOCAL BASKETBALL MACHINE SHOWED UP
WONDERFULLY IN GAME WITH THE
STRONG BROOKVILLE MEN FRIDAY

DuBois and Clearfield Tie for 1st Place; Look for Brookville to Come Out From Behind.

FRIDAY WILL TELL

In the contest Friday night at Brookville between the High School and C. H. S. there were thrills aplenty. Clearfield knew that the Brookville five were always strong contenders for the League pennant, while Brookville was equally certain that the Clearfield quintette had improved so greatly since the DuBois game she would die hard, if at all.

From the start of the game a house packed with fans witnessed a dogged, spectacular struggle that lasted without abatement for the full forty minutes of playing time. The local lads were ahead at the end of each period of the game, there was never any certainty as to the outcome of the struggle, and the loyal Brookville rooters, realizing this, kept up a concerted roar of frenzied yelling that must have aided greatly in keeping up the never-say-die spirit so apparent in Coach Diener's men.

Clearfield's five-man machine worked so rapidly and efficiently that Brookville was forced usually to resort to long shots, while the visitors encountered little difficulty in penetrating the defense of the home team when using the high, short pass, the our boys could not seem to drop in the usually "soft" ones.

Captain Bill Brown was leading his team in a fine manner when he sustained a severe wrench to his right ankle, about five minutes before the close of the first half. This may keep

A Waterloo (La.) man asked to be arrested for killing squirrels so now he can plead they attacked him because he was a nut.

The younger generation thinks it is entitled to life, liberty and the pursuit of snappiness.

Only four more income tax payments before Christmas.

Bill out of the game for some time, and may prove a handicap in the next two or three games.

The local boys play at New Bethlehem next week, while DuBois' journey, to Reynoldsville. These two games will be watched with keen interest, as Clearfield and DuBois are tied for first place in the League at present. Should each of these teams win its coming game, local fans will get the treat of their lives on the following week, when DuBois comes here, for that game may decide to whom will belong the coveted pennant, if dope runs true.

Lineup:—
Clearfield: Hod Johnson, RF; W. Brown, LF; R. Brown, C; Pearce, RG; Cwede Johnson, LG.
Brookville: Swindell, RF; Robinson, LF; Batastini, C; Forsythe, RG; Black, LG.

	P.G.	Pls.	Tot
Hod Johnson	5	7	17
W. Brown	1	0	2
R. Brown	2	0	4
Swede Johnson	1	0	2
Mitcheltree	1	0	2
Grand total	10	7	27
Swindell	1	10	12
Robinson	1	0	2
Batastini	5	0	10

Substitutions:—K. Barrie for W. Brown, Mitcheltree for Swede, Swede for Mitcheltree, Mitcheltree for Pearce, Hawthorn for Robinson.

Referee, McCreight, Punksatunway. Clearfield and DuBois, old sports rivals, by reason of the basketball results of last Friday night, are now pitted against each other for first place.

Though Brookville has been shoved back to third place, the DuBois Courier believes they are not out of the running by reason of their wonderful experience and spirit. The Courier further says:

"Clearfield and DuBois are now the logical contenders, and of the two Clearfield has the advantage of the balance of the schedule. Of the last

six games to be played by the local team, four of them are on foreign floors, while Clearfield plays three of its last five at home. Clearfield is a difficult team to defeat at home, and this advantage will possibly cap the pennant for the county seaters.

If either DuBois or Clearfield should win the championship of the section, it would be a great tribute to the younger coaches, as both the C. H. S. and D. H. S. teams are being instructed by former college stars Bud Mahaffey and Eddie Treadwell."

BradockLOSES END OF FINGER
BY ACCIDENT

Ray G. Brett, engine inspector in the local New York Central yards, had the first finger of his right hand nipped off at the first joint last evening about 7:30 o'clock. While attending to his duties at the engine house he was called upon to help a couple of workmen remove an engine dome. One of the men slipped letting the heavy steel cap down on Mr. Brett's finger shearing the end completely off. Dr. Woolridge was called and dressed the injury, completing the amputation.

Earth's Energy.
An eminent physicist has estimated that the power developed by a million Niagaras in a million years would not equal the energy expended by the earth in a single second as it circles around the sun. And yet so perfect is the mechanism that, flying around its axis at an equatorial speed of more than a thousand miles an hour, and around its orbit at more than 1,100 miles a minute, all the mundane influences of which astronomers know could not change the length of its day as much as a second in a hundred years.

FAVORABLE REPORT ON
ARMY APPROPRIATIONS

Washington, Jan. 29.—An Army Appropriation Bill, maintaining the army at its present strength and giving \$56,000,000 for river and harbors improvement was favorably reported to the Senate today by the appropriations committee.

Paris, Jan. 29.—Wholesale arrest and expulsion of all German officials in the Rhineland who had disobeyed French orders have been ordered as a part of the drastic measures to be put into effect.

Dignity of Business.
It is an utterly low view of business which regards it as only a means of getting a living. A man's business is his part of the world's work, his share of the great activities which render society possible. He may like it or dislike it, but it is work, and, as such, requires application, self-denial, discipline.—Ball Mall Gazette.

NEWS OF OUR NEIGHBORS

CURWENSVILLE

Miss Rose Williams, for many years employed on the newspapers of this town, has secured a position with the Clearfield Republican and will assume her new duties today. She will endeavor to learn the rudiments of operating one of those new fan-gled type setting machines. She will make good all right.

Mr. and Mrs. Harry Weisgarber, uth Side, went up to Grampian the purpose of spending several days with Mr. Weisgarber's folks out the farm.

The funeral of Mrs. Hannah Holm was held from the residence of her son, Mr. L. Cleaver, yesterday afternoon at 2:30 o'clock. Due to the stormy weather and deep snowfall an unusually large number of relatives and old time neighbors gathered to pay tribute to one who has been highly respected and loved. Rev. J. C. Collins preached the funeral discourse. Interment was made in Oak Hill cemetery, outside of the husband who had preceded her on October 12th, 1902.

All those who have been engaged take a part in "Nothing But theuth", a popular farce comedy, to be presented under the auspices of the American Legion will begin rehearsals this evening.

The Boys Marine Band, a local musical organization of about one hundred standing, gave a delightful concert in the Strand theatre yesterday afternoon. The program consisted of eleven well selected numbers, starting with "Red Plume March," by Nick Brown, and ending with that grand old tune that try American loves "America." The organization is made up from boys ranging in age from 16 to 18 years, and their performance on brass and wood instruments is truly wonderful, considering the chance they have had to reach the point of almost perfection. The large audience was well filled by the music loving people of the town and vicinity, who listened and enjoyed intensely each number as rendered. The band deserves a whole lot more credit in their efforts for their efforts trying to give to the town a band worthy and of a credit to the town.

Bethesda lodge, Odd Fellows, at a regular weekly session last Saturday evening, by an almost unanimous vote, decided to change the night of the meeting from Saturday to Friday night. The most authoritative argument brought to bear why the change could be made, was that it would give the business men of whom a large number hold membership, a better opportunity to attend the meetings, as Saturday night was much too busy a time for them to

neglect their business interests to attend lodge.

The front rooms on the second floor of the Patton bank building have been renovated and tuned up to make them a pleasant abiding place by those who will occupy them. Several of the rooms will be occupied by the Cassidy Coal Company, Greenwood Lumber company, two or three other companies, where the same bunch of young men are connected, and the Raftsmen Water company.

The Curwensville guarantors of the Swarthmore Chautauqua, which is billed for a three days' entertainment in this place, starting on Wednesday, February 14th, and continuing until the morning of the 16th, are hustling around trying to get things in shape for its ultimate success. The Strand theatre has been secured for the holding of these sessions. The program as arranged is one of vast interest and instruction, and every citizen of this town should stretch a point and work from now until the opening date to make this Chautauqua the best one that has ever been held in Curwensville; and to get all the good out of the lectures and other features of the entertainment that they possibly can. Program in full later.

Square and round dances are becoming a drug on the Curwensville market. Two or three a week soon become a nuisance.

Greets the Stork

As required by English constitutional custom, Home Secretary, Bridgeman will be present at the birth of Princess Mary's child, when that event takes place in Scotland. This office requires that a be in attendance at the birth of any child that might stand in the line of succession to the English throne.

STOP ITCHING ECZEMA

Penetrating, Antiseptic Zemo Will Help You

Never mind how often you have tried and failed, you can stop itching Eczema quickly by applying Zemo. Zemo is a powerful antiseptic, and is furnished by any druggist for 35c. Extra large bottle, \$1.00. Healing begins the moment Zemo is applied. In a short time usually every trace of Eczema, Tetter, Pimples, Rash, Blackheads and similar skin diseases will be removed. For clearing the skin and making it vigorously healthy, always use Zemo, the penetrating, antiseptic liquid. When others fail it is the only dependable treatment for skin troubles of all kinds.

MRS. POINDEXTER CAUSES FURORE IN CAPITAL SOCIETY

Washington, Jan. 29.—A letter written by Mrs. Poindexter, wife of the Washington Senator, to a Seattle newspaper in which she assailed wives of cabinet officials for alleged petty graft at the government's expense has caused a storm in official society circles.

The letter also reveals that Mrs. Poindexter and wife of the Secretary of the Navy, Mrs. Denby, are decidedly at "outs."

Mrs. Poindexter stated she can't understand why Senators apply for government automobiles for cabinet officers and then deny them to themselves. Senators, she believes, need them more than secretaries.

Loonet a Fighting Bird. Linnets are great fighters. They are deadly enemies to the butcher birds, and are seldom beaten in a fair fight. Save ostriches, perhaps, they are matches for any bird. But, anyhow, no ostrich could ever catch them.

SULPHUR CLEARS A PIMPLY SKIN

Apply Sulphur as Told When Your Skin Breaks Out

Any breaking out of the skin on face, neck, arms or body is overcome quickly by applying Mentho-Sulphur. The pimples seem to dry right up and go away, declares a noted skin specialist. Nothing has ever been found to take the place of sulphur as a pimple remover. It is harmless and inexpensive. Just ask any druggist for a small jar of Rowie's Mentho-Sulphur and use it like cold cream.

We offer replacement in quick time at reasonable prices! Remember us the next time you break your glasses and need immediate service.
